SUMMER CLASSES 2010

**Stone Soup
Oklahoma Style**
1-6
WS61510

Tuesday, June 15 (9:00–3:00)
Dr. Linda Wilson

Make and Take
 \$33.00

This workshop transforms the traditional story of Stone Soup into an interdisciplinary thematic unit - Oklahoma style. Teaching these tested ideas across the curriculum can be adapted to meet the needs of your students. Soup's on! Come join us! This is a great recipe for success!

**Board Games, Floor Games
And More!**
PreK-3
WS61610A

Wednesday, June 16 (9:00–11:30)
Leslie Livingston

Make and Take
 \$21.00

Come onboard for learning through games. Learn how to teach visual discrimination, counting, adding, sight words, rules and good sportsmanship through playing games. You will make several board games to take with you. Learn ideas to customize them to help your children reach objectives while having lots of fun.

**Doing the WRITE Thing
in Early Childhood!**
PreK-1
WS61710

Thursday, June 17 (9:00–3:00)
Shonna Crawford

Make and Take
 \$33.00

Come and get excited about awesome strategies to motivate your emergent writers! Shonna will bring many developmentally appropriate ideas to jump start writing instruction in your classroom. If you have questions about journaling, book making or using picture books as a springboard for writing... this is the workshop for you! Your teaching will be greatly impacted by this great day of exploring a writing workshop for early childhood!

Math Fever - Catch it!
2-8
WS61810

Friday, June 18 (9:00–3:00)
Tara Hollingshed

Make and Take
 \$33.00

Catch math fever and join Tara for a great day full of fun activities to get your students "feverish," too! You'll create activities, do labs, dance a geometric transformation dance, find the circumference, area and perimeter of food, and convert metric measurements with a story. You'll leave with many activities directly tied to the PASS skills, so come and catch the fever! Please bring 1 empty Pringles can.

Single Serving Cooking
PreK-1
WS61910A

Saturday, June 19 (9:00–11:30)
Kelly Pitezal

\$20.00

Come and learn a new way to cook with the kids in your class. Each child gets to make his or her own serving and no longer has to wait for a turn to stir or pour. Everyone participates in every step of the cooking. It's a great activity that incorporates all curriculum areas. We will also address allergies and healthy options, and discuss health department requirements.

Simple (and Cheap) Science
PreK-K
WS62110A

Monday, June 21 (9:00–11:30)
Jennifer Doyle and Chelsea Price

Make and Take
 \$24.00

Jennifer and Chelsea will help you create simple and inexpensive science activities in your early childhood room. Come prepared to leave with a bagful of aids for physical science experiences, as well as plenty of resources for the specific themes of frogs, plants, weather and rocks.

Word Work!
K-3
WS62110P

Monday, June 21 (1:30–4:00)
Jamie Cargill, NBCT

\$18.00

Jamie will put you to work learning how to create word work folders for each of your students to use all year long. She has tried and true activities and games that will help you teach word wall, vocabulary, spelling patterns, and much more. No hard hat needed - just bring your thinking cap!

Teaching Story Elements
1-4
WS62210A

Tuesday, June 22 (9:00–11:30)
Reneé Plant, M.Ed.

Make and Take
 \$21.00

Teachers will learn exciting, hands-on ways to teach and re-enforce story elements. These projects can be used with any book and are easily adaptable for any classroom need. Reneé will share ideas to help you create story element stew, as well as element cheeseburgers. This class will make you hungry for more!

Multiplication Mania
2-5
WS62210P

Tuesday, June 22 (1:30–4:00)
Lisa Boyd

Make and Take
 \$21.00

Make multiplication time fun for your students by providing them with lots of activities to teach them multiplication facts and then reinforce them. Lisa has great ideas for art, crafts, games and songs, so come along and join the fun! Please bring a Styro-foam egg carton, and magazines and newspapers to cut up.

**A-Z and All In Between
PreK-2
WS62310**

**Wednesday, June 23 (9:00—3:00)
Debra Brown and Sharon Curnutt**

Make and Take
 **\$39.00**

Are you looking for new ideas to teach your students letters? Debra and Sharon will share literacy games and activities they have used in their own classroom. Organizational ideas will also be presented to get you ready for literacy tub time.

**Centers for Early
Childhood Classrooms
PreK-K
WS62410A**

**Thursday, June 24 (9:00—11:30)
Jennifer Doyle and Chelsea Price**

Make and Take
 **\$24.00**

Get some simple solutions to help you manage successful center time. Chelsea and Jennifer have a plethora of tried and true methods for planning, organizing and managing your classroom. You'll be all set for a great school year!

**Sight Word Solutions
K-1
WS62410P**

**Thursday, June 24 (1:30—4:00)
Kelly Pitezal**

\$18.00

Teaching sight words is a fundamental part of any reading curriculum. Kelly will share ideas for teaching new words, renewing familiar ones, and helping students make the sight word connection. You'll leave with plenty of great ideas to increase the fun of learning in your classroom.

**Teaching & the Brain
PreK-3
WS62510A**

**Friday, June 25 (9:00—11:30)
Charrel Lenaburg, NBCT**

\$18.00

Join Charrel as she shares the newest information on brain research and how it can be applied to the learning going on in your classroom. You will learn new techniques for improving student recall and attention. You will also try out lots of activities to be done with your students that will enhance higher level thinking, increase productivity, overcome learning difficulties, and create a very positive learning environment.

**Reading Response
Activities
1-3
WS62510P**

**Friday, June 25 (1:30—4:00)
Reneé Plant, M.Ed.**

Make and Take

\$21.00

Teachers will be introduced to over 25 engaging reading response activities, graphic organizers and reproducibles that get students responding to texts before, during and after reading. Some of these activities include the pyramid diorama, 3,2,1 Blastoff! and cut-up conferences.

**Got Math?- We Do!
PK-2
WS62610**

**Saturday, June 26 (9:00—3:00)
Debra Brown and Sharon Curnutt**

Make and Take

\$39.00

Need some fresh math ideas to get you through the year? Sharon and Debra will share math games, activities, and organizational ideas to enhance your early childhood math curriculum. You'll leave with a whole bagful of math goodies for your class.

**Reading Ideas
2-8
WS62810**

**Monday, June 28 (9:00—3:00)
Mary Legan**

\$28.00

This workshop presents a manipulative approach to teaching fact-finding, main ideas, sequencing, context clues, inference, and cause and effect. Students experiencing this instructional approach have shown significantly higher scores on achievement tests than those taught with a more traditional approach. A curriculum guide is available for \$20.00, and can be used with one or both of Mary's classes.

**Reading Ideas Follow Up
2-8
WS62910**

**Tuesday, June 29 (9:00—3:00)
Mary Legan**

Make and Take

\$33.00

This class is designed for teachers who have taken the "Reading Ideas" training. It offers a review of curriculum as well as presenting new materials to enhance the existing curriculum. Participants will make "Reading Ideas" lesson plans, design weekly comprehension assessments, create useful reading materials, and learn ways to integrate a literacy board into reading lessons. A curriculum guide is available for \$20.00, and can be used with one or both of Mary's classes.

**The Wonderful World of
Word Study
1-5
WS63010A**

**Wednesday, June 30 (9:00—11:30)
Sarah Ramsey and Christi Costigan**

Make and Take

\$24.00

This workshop will review current research on effective spelling/word study instruction. Participants will learn a time-effective center management technique. This technique gives students ownership of their differentiated word study assignments by using hands-on sensory friendly activities. A plethora of spelling and vocabulary ideas will be introduced.

SUMMER CLASSES 2010

| | | |
|--|---|---|
| <p>How to Make Research Fun! 4-6 WS63010P</p> | <p>Wednesday, June 30 (1:30—4:00) Pam O'Halloran-Blevins Pam will show you how to lay a foundation for careful investigation and research in the classroom. She will go step-by-step through the process of preparing students for a written research project which also includes oral presentations and visual aids. Come and make a research folder that enhances the teaching of writing while helping to make every student successful.</p> | <p>Make and Take  \$21.00</p> |
| <p>Extra! Extra! Read All About It! 2-6 WS70110</p> | <p>Thursday, July 1 (9:00—3:00) Lisa Iten Have you heard the news? Lisa is sharing fifty of her favorite picture books that she uses throughout the year to get her students excited about learning. Come and spend a day exploring each of these books and various lesson plans to go with them. Don't miss out on getting the scoop on some new read alouds for your classroom.</p> | <p>\$28.00</p> |
| <p>Classbooks Gone Wild! PreK-2 WS70210</p> | <p>Friday, July 2 (9:00—3:00) Debra Brown and Sharon Curnutt Students love making and reading books about themselves. Join Sharon and Debra as they share over 100 class books that will keep your students begging for more. The books will cover names, rhyming, theme-based, simple addition, and more. Bring your favorite cereal box.</p> | <p>Make and Take  \$39.00</p> |
| <p>The Gingerbread Man Celebrates Christmas Around the World PreK-1 WS70610A</p> | <p>Tuesday, July 6 (9:00—11:30) Teressa Blair It's Christmas in July! Spice up those 2 weeks before Christmas break with fun activities from around the world including Hanukkah & Kwanzaa. Also highlighted will be gingerbread activities and present formats for games you can use with other units throughout the year.</p> | <p>Make and Take  \$21.00</p> |
| <p>Shapes, Numbers, and Money, Oh My! PreK-1 WS70610P</p> | <p>Tuesday, July 6 (1:30—4:00) Christi Costigan No need to search for the wizard because you will have your own marvelous mathematicians after attending this workshop. This workshop features numerous fresh ideas that allow you to tie mathematical concepts in with literacy components. You will have the opportunity to learn about calendar binders, math journaling, expanding your 100th day celebration throughout the entire year, and even big books for your students to utilize.</p> | <p>Make and Take  \$21.00</p> |
| <p>Phenomenal Phonics PreK-1 WS70710</p> | <p>Wednesday, July 7 (9:00—3:00) Christi Costigan Facilitate your students' learning of the sounds of spoken language by adding a whole new dimension to your phonics instruction. Exciting activities will be introduced that will assist your students' learning of the ABC's and ease the transition into reading. Activities include interactive big books, center ideas, sensory integration, and much more!</p> | <p>Make and Take  \$33.00</p> |
| <p>Science Fair K-3 WS70810A</p> | <p>Thursday, July 8 (9:00—11:30) Tawna Mibb Get your students, their parents and yourself ready to have a great science fair in your classroom. Tawna will help you think "outside the box" to enrich your students' understanding of the scientific method, and have fun in the process. You'll see lots of labs and leave this workshop ready to encourage your own class of wizards in training! Morning session is for K-3.</p> | <p>Make and Take  \$21.00</p> |
| <p>Science Fair 4-6 WS70810P</p> | <p>Thursday, July 8 (1:30—4:00) Tawna Mibb Get your students, their parents and yourself ready to have a great science fair in your classroom. Tawna will help you think "outside the box" to enrich your students' understanding of the scientific method, and have fun in the process. You'll see lots of labs and leave this workshop ready to encourage your own class of wizards in training! The afternoon session will have age-appropriate activities for older students, 4th - 6th grades.</p> | <p>Make and Take  \$21.00</p> |
| <p>Say "Cheese!" K-2 WS70910A</p> | <p>Friday, July 9 (9:00—11:30) Kelly Pitezal This workshop will give you ideas on how to use a digital camera in your classroom. Children take ownership in projects when they get to take the pictures themselves. Come and learn some new ideas for reading and writing and math and science with digital pictures!</p> | <p>\$18.00</p> |

|---|--|
| Gender & Learning PreK-3 WS70910P | Friday, July 9 (1:30—4:00) Charrel Lenaburg Studies have shown that boys and girls learn differently. Join Charrel as she shares information about the learning process in both genders. You will learn ways to reach all of your students and create a successful, encouraging learning environment for everyone. \$18.00 |
| Fix It Kit 2+ WS71210A | Monday, July 12 (9:00—11:30) Reneé Plant, M.Ed.  \$21.00 Join Reneé and make a fix-it kit, filled with tools to help your students monitor and fix up their reading. Research shows that key reading skills are monitoring and clarifying, and the class will show you how to teach these skills with the tools in your kit. Some of these strategies are chunking, making connections and visualizing. No need to bring a Band-Aid —Reneé will have you fixed up in no time! |
| Brain Games PreK-H.S. WS71210P | Monday, July 12 (1:30—4:00) Frank Blair \$18.00 What's going on inside your head? What have brain scientists learned that can help us become better teachers? This workshop will give you some of those answers and practical ways to apply them in your classroom. |
| Literacy Workstations K-1 WS71310A | Tuesday, July 13 (9:00—11:30) Becky Shelley  \$21.00 Literacy workstations can be used for independent work in the classroom. Students will practice skills at the workstations that have been presented in the classroom. Ideas of stations, management, and places to put your workstations will be presented in this workshop. |
| Literacy Workstations 2-3 WS71310P | Tuesday, July 13 (1:30—4:00) Becky Shelley  \$21.00 Literacy workstations can be used for independent work in the classroom. Older students will practice skills at the workstations that have been presented in the classroom. Ideas of stations, management, and places to put your workstations will be presented in this workshop. |
| What To Do During a Reading Block K-3 WS71410A | Wednesday, July 14 (9:00—11:30) Becky Shelley  \$21.00 This workshop will give the teachers ideas on how to manage and plan for a 90 minute Reading Block each day. Teachers will be given ideas for small groups, whole group ideas, workstations, and how to differentiate learning during the Reading Block each day. |
| Let's Tie Reading and Writing Together! 1-3 WS71410P | Wednesday, July 14 (1:30—4:00) Becky Shelley  \$21.00 This workshop will give ideas on tying reading and writing together to help students become better readers! Ideas will be presented for reading prompts, as well as activities that not only will improve comprehension, but will enrich the student's writing. Participants will be given ideas to enhance vocabulary as well as phonics through writing activities. |
| Don't Give Up... It's Never Too Late! 3-6 WS71610A | Friday, July 16 (9:00—11:30) Judith Ticer \$18.00 Older students who struggle with reading often lack foundational word study skills. Take Judith's famous LEARNING DIFFERENCES TEST, and see how it feels to try your best and it's not good enough! Learn how to engage students in reading while helping them develop effective skills for better successes in reading. |
| What Does A Literacy Classroom Look and Sound Like? 3-6 WS71610P | Friday, July 16 (1:30—4:00) Judith Ticer \$18.00 Learn how to create a classroom environment that celebrates reading. What does your classroom say about you and your students? What are your students saying and doing? Are you asking the right questions? These topics will be discussed at length in this class. |

SUMMER CLASSES 2010

**Recycled Math
PreK-1
WS71710A**

**Saturday, July 17 (9:00—11:30)
Kelly Pitezel**

Make and Take
 **\$21.00**

Turn excess laminating film into math windows and marker lids or water bottle lids into manipulatives. These are just a few of the things Kelly, the recycling champ, will show you. Budgets are tight, so come and learn some new uses for old things to help reinforce math concepts.

**Beginning the New Year:
August & September Ideas
PreK-3
WS71910A**

**Monday, July 19 (9:00—11:30)
Michelle Moles, NBCT**

Make and Take
 **\$21.00**

This is the perfect workshop for a brand new or seasoned teacher. Come and join Michelle while she shares her bag of tricks for beginning the new year. She will help you develop a checklist of things that need to be done annually, weekly and daily as you prepare and begin your school year. She will show you some ideas to help save you time, money and your sanity!

**What Do Students Do
While You Work With
Small Groups?
1-3
WS71910P**

**Monday, July 19 (1:30—4:00)
Michelle Moles, NBCT**

Make and Take
 **\$21.00**

Organized literacy and math centers are the answer to this question. Learn the best routines and management system to ensure smooth transitions between rotations. Find out about the most useful and effective centers that work with young students and ensure learning is taking place. The ideas in the workshop will truly "WOW" you!

**Center Solutions 1
K-3
WS72010A
OR
WS72210A**

**Tuesday, July 20 (9:00—11:30) or
Thursday, July 22 (9:00—11:30)
Linda Holliman**

\$37.00

You have chosen your centers, they are organized, and management of children is in place! Now you need quality, curriculum driven, authentic and engaging activities! This workshop will give you specific ideas, activities and accountability for these centers:

| | | |
|---------|--------------------------|---------------|
| Reading | ABC/Phonemic Awareness | Read the Room |
| Writing | Handwriting / Fine Motor | Word Work |
| | Vocabulary | |

We will look at management, materials, and how to create menus of activities.

**Center Solutions 2
K-3
WS72010P
OR
WS72210P**

**Tuesday, July 20 (1:30—4:00) or
Thursday, July 22 (1:30—4:00)
Linda Holliman**

\$37.00

You have chosen your centers, they are organized, and management of children is in place! Now you need quality, curriculum driven, authentic and engaging activities! This workshop will give you specific ideas, activities and accountability. These centers will be addressed in the afternoon sessions:

| | | | |
|----------|-----------|--------------|---------------|
| Research | Listening | Poetry | Comprehension |
| Spelling | Big Books | Author Study | |

**CELEBRATE 30
K-3
WS72110A
OR
WS72110P**

**Wednesday, July 21 (9:00—11:30) or
Wednesday, July 21 (1:30—4:00)
Linda Holliman**

Make and Take
 **\$39.00**

30 Ideas to Celebrate 30 Years... come and celebrate The Apple Tree with Linda's 30 favorite ideas, activities and strategies to make teaching fun, and learning fun, purposeful and meaningful. You will "sit and get" and do some makin' and takin'... Hope to see you there to celebrate learning, teaching, creating and... THE APPLE TREE!!!

**Read! Write! Publish!
1-3
WS72310A**

**Friday, July 23 (9:00—11:30)
Reneé Plant, M.Ed.**

Make and Take
 **\$21.00**

Teachers will learn creative ways to get students to write based on popular literature found in most classrooms. Teachers will also learn fun and unique ways to publish student writing. Some of the books we will be building are the peek-a-boo book and the pop-up book.

**Interactive Books
PreK-K
WS72310P**

**Friday, July 23 (1:30—4:00)
Kerby Bunch**

Make and Take
 **\$21.00**

Books are fun to read! Make them even more fun when your children help you write and tell them. Spend the afternoon with Kerby and learn how to spice up your story time with interactive books that you can read or sing. Your students (and you) will love them!

Music Fun For Everyone
PreK-1
WS72410A

Saturday, July 24 (9:00–11:30)

Stephen Fite

\$18.00

Everyone enjoys music! Especially children! What better medium to use in the classroom to teach and reinforce skills than something that will draw them in and hold their attention! This energetic presentation by Stephen Fite will send you home with great ideas to supplement your curriculum and make Music Fun For Everyone!

Come and See A to Z
2-6
WS72610

Monday, July 26 (9:00–3:00)

Lisa Iten

Make and Take

\$33.00

Come and see from A to Z my favorite things to you from me. We will start with the letter A and work our way through the entire alphabet as I share 26 of my favorite things to use throughout the year. Topics will include center ideas, organizational tips, art projects, and much more. There will be lots of student samples, so bring your cameras!

Have Your Math &
Eat It, Too!
PreK-1
WS72710A

Tuesday, July 27 (9:00–11:30)

Teressa Blair

\$20.00

Research shows that the more of their 5 senses children can incorporate into their learning, the faster they will learn and the longer they will retain knowledge. Teressa will share ways to incorporate edible manipulatives to teach addition, subtraction, sorting, graphing, and measurement. You will also learn formats for games and activities you can use over and over for every theme. Come hungry! Lots of snacks and lots of handouts.

The Very Hungry
Caterpillar Big Book
PreK-K
WS72710P

Tuesday, July 27 (1:30–4:00)

Kerby Bunch

Make and Take

\$21.00

Ready to go to the next level of making a big book? Join Kerby to make an interactive big book of The Very Hungry Caterpillar. Everyone has so much fun with this book that we want to share it again and again. Now you and your students will have your very own hand-made edition!

Organize Your Classroom
for Effective Teaching
PreK-2
WS72810

Wednesday, July 28 (9:00–3:00) or

Thursday, July 29 (9:00–3:00)

Michelle Moles, NBCT

Make and Take

\$33.00

WOW! Let me share my organizational tips and techniques that have saved my sanity in my classroom. Because I am a compulsive pack rat, labeler, cleaner, I have learned systematic tips and information that will make teaching in your classroom a joy! This workshop will encompass student record keeping, parent contact information, discipline documentation, file cabinet arrangement and use, and daily to monthly paperwork juggling. After this workshop you'll want to rush back to your classroom to organize, organize, organize!

OR
WS72910

Blogs, Wikis,
Podcasts, and More!
1-8
WS73010

Friday, July 30 (9:00–3:00)

Dr. Debbie Landry and Dr. Linda Wilson

Make and Take

\$39.00

Join university professors Debbie Landry and Linda Wilson for a day of high tech to produce high academic achievement for 21st century learners. Participants will learn the tips of the trade for incorporating the newest technology into any classroom to promote student learning.
