SUMMER CLASSES

**Sound Signs Make
Reading Readiness &
Speech Practice Fun!**
(PK-2 and Sp. Ed.)
WS6117P

Monday, June 11 (1:30-4:00)

Adrienne Rogers & Kathleen Plumb

Sound Signs are hand signs that represent letter sounds. They help young children and children with reading delays get hands-on experience with letters and letter sounds. SymPics, a structured program for teaching letter names and sounds with Sound Signs will be demonstrated. These techniques are helpful to speech therapists as well as teachers. Sound Signs and SymPics materials will be available for purchase.

\$20.00

**Name Games
(PK-1)**
WS6127A

Tuesday, June 12 (9:00-11:30)

Kelly Pitezal

Confidence and a sense of belonging are as important as academic skills. Learn how to use a "Name Games" center to promote phonemic awareness, letter and sound recognition, syllables, rhyming and much more while creating recognition of each child.

\$17.00

**Math is Fun!
(PK-1)**
WS6127P

Tuesday, June 12 (1:30-4:00)

Debra Brown

Math time can be fun. This workshop will explore ways to make math fun and exciting for your students through "Math Tubs." Math skills covered will include sorting, patterning, counting, number concepts, and simple addition.

\$20.00

Come Prepared!

For a make and take class bring scissors, markers, a pencil, and a glue stick.
You may also want to bring a camera.

<p>Gothic/Renaissance Art & Philbrook (K-12) WS6137</p>	<p>Wednesday, June 13 (9:00-3:00) Cathy Ambrose Learn about Gothic and early Renaissance art and how to interpret the symbolism to your students. We will draw a Madonna and child in the morning, then picnic at Woodward Park. Our next stop will be Philbrook (no extra charge) for an enlightening tour of Tulsa's most beautiful showplace. Bring a lunch and a quilt to sit on at the park. Please be aware that you will be traveling off-site to the museum. The Apple Tree, Inc. accepts no liability for any activities away from its facility at 7204 E. 41st Street.</p>	<p> MAKE & TAKE \$32.00</p>
<p>Four-Blocks Literacy Model (1-3) WS6147</p>	<p>Thursday, June 14 (9:00-3:00) LaKita Mayfield & Melissa Armstrong Participants will gain knowledge of the Four-Blocks Literacy Framework. This model incorporates four different techniques into one method designed to teach children to read and write. You will receive detailed handouts with many activities to use on a daily basis in order to create a solid reading and writing program.</p>	<p>\$32.00</p>
<p>Centers in a Snap (K-2) WS6157</p>	<p>Friday, June 15 (9:00-3:00) Shawnda Wirth & Jennifer Doyle This workshop will focus on fun and easy ways to set up math and literacy centers in a K-2 classroom. These ideas can be used year after year. Tips on organization, set up and center rotations will also be explored during the workshop.</p>	<p> MAKE & TAKE \$37.00</p>
<p>Puzzle Palooza (PK-2) WS6167A</p>	<p>Saturday, June 16 (9:00-11:30) Shelley Kinder & Jennifer McMillan Puzzles play an important role in the development of the whole child. This workshop examines the value of puzzles as tools for early learning. Come and make sturdy wooden puzzles using a scroll saw. Participants will each make wooden in-lay and floor puzzles to take back to their classrooms.</p>	<p> MAKE & TAKE \$25.00</p>
<p>Unleash the Arts in Your Classroom (PK-2) WS6167P</p>	<p>Saturday, June 16 (1:30-4:00) Sally Fowler Haughey In this workshop Sally will show you an awesome collection of art projects, art recipes, dramatic plays, music, and dance activities to integrate into your existing curriculum. Integrating the arts is easier than you think. Learn how to link goals and standards to the arts. Learn the latest brain research that will help you teach "smarter," not harder!</p>	<p> MAKE & TAKE \$20.00</p>
<p>Sign Language in the Regular Classroom (PK-5) WS6187</p>	<p>Monday, June 18 (9:00-3:00) Diana Higgins Learn the basics of sign language from the alphabet to classroom management signs. Information on communicating with a child with hearing loss in your classroom will be shared as well as general information on communication skills. In the afternoon, emphasis will be placed on the signs themselves, expanding the participants' knowledge of color signs, numbers, days of the week, signs for manners, animal signs and more. There will be games to reinforce the learning of signs.</p>	<p>\$27.00</p>
<p>Interactive Books (PK-K) WS6197A</p>	<p>Tuesday, June 19 (9:00-11:30) Kerby Bunch Books are fun to read! Make them even more fun when your children help you write and tell them. Come to this workshop and learn how making interactive books you can read or sing will spice up your story time.</p>	<p> MAKE & TAKE \$20.00</p>
<p>ABC - XYZ (and all the letters in between) (K-1) WS6197P</p>	<p>Tuesday June 19 (1:30-4:00) Debra Brown Are you looking for activities to make learning letters and letter sounds fun? Come and join us as we explore different ways to make early reading experiences exciting for our students. This workshop will include literacy games and activities based on popular yearly themes which will include back-to-school, fall fun, winter wonderland, and springtime.</p>	<p> MAKE & TAKE \$20.00</p>
<p>Begin Your Journey through National Boards (PK-7) WS6207</p>	<p>Wednesday, June 20 (9:00-3:00) Dana McBurney, NBCT & Jennifer Potts, NBCT Dana and Jennifer will guide you through the Oklahoma State scholarship application and give tips to help you be successful. You will be given a complete overview of the entire process and thus be able to begin your quest with confidence.</p>	<p>\$32.00</p>

<p>Upper Grade Four Blocks - Big Blocks (3-5) WS6217</p>	<p>Thursday, June 21 (9:00-3:00) \$32.00 LaKita Mayfield & Linda Lofton “Big Blocks” is a multilevel, multimethod language arts framework. Participants will gain knowledge of the framework’s four components: self selected reading, writing, working with words and guided reading comprehension. Handouts will be provided on each of the four blocks.</p>
<p>Reading Ideas (K-12) WS6227</p>	<p>Friday, June 22 (9:00-3:00) \$27.00 Mary Legan This workshop presents a manipulative approach to teaching fact-finding, main idea, sequencing, context clues, inference, and cause and effect. Students experiencing this instructional approach have shown significantly higher scores on achievement tests than those taught with a more traditional approach. A curriculum guide is available for \$20.00.</p>
<p>Reading Ideas Follow Up (K-12) WS6237</p>	<p>Saturday, June 23 (9:00-3:00)  \$32.00 Mary Legan This class is designed for teachers who have taken the “Reading Ideas” training. It offers a review of the curriculum as well as presenting new materials to enhance the existing curriculum. Participants will make “Reading Ideas” lesson plans, design weekly comprehension assessments, create useful reading materials, and learn ways to integrate a literacy board into reading lessons.</p>
<p>Western Art & Gilcrease Museum (K-12) WS6267</p>	<p>Tuesday, June 26 (9:00-3:00)  \$32.00 Cathy Ambrose Come and learn about the great American artists Frederic Remington and Charles Russell. Learn a simple way to draw horses. At noon we will drive to Gilcrease and have a picnic lunch on the grounds (bring a sack lunch & quilt). After lunch we will tour Gilcrease to see the original works of these great artists. Please be aware that you will be traveling off-site to the museum. The Apple Tree, Inc. accepts no liability for any activities away from its facility at 7204 E. 41st Street.</p>
<p>Simple Science (PK-1) WS6277A</p>	<p>Wednesday, June 27 (9:00-11:30)  \$20.00 Jill Davis, NBCT You don’t have to be Einstein to introduce your little ones to science! This workshop will focus on cheap and easy ways to integrate science into your centers, group times, and outdoor activities. Bring your make and take supplies and a camera.</p>
<p>Kiddie Kafe (PK-K) WS6277P</p>	<p>Wednesday, June 27 (1:30-4:00)  \$22.00 Sharon Curnutt Yum! Cook up some fun in your classroom. Discover ways to add “spice” to your thematic units. You will leave with over 150 cooking activities and recipes that will enhance your themes, special days, and alphabet. This class is a repeat of last year with new activities and literature links.</p>
<p>Writing a Research Paper (4-7) WS6287A</p>	<p>Thursday, June 28 (9:00-11:30)  \$20.00 Pam O’Halloran Pam will provide a variety of ideas and techniques to help students develop the skills to write a research paper to complement their scientific studies. Coordination of English and Science curriculums along with specific techniques will be presented.</p>
<p>Sailing with Social Studies (2-5) WS6297</p>	<p>Friday, June 29 (9:00-3:00)  \$32.00 Lisa Iten Spend the day sailing through the seven continents, using map skills, visiting national monuments, exploring landforms, identifying economics, and more. Leave with tons of new ideas and activities that will get your students excited about learning!</p>
<p>Mother Goose on the Loose! (PK-K) WS6307A</p>	<p>Saturday, June 30 (9:00-11:30)  \$20.00 Sharon Curnutt Cut loose with Mother Goose as you visit the different nursery rhymes. You will discover ways to incorporate the rhymes across the curriculum through art, science, math, cooking, and language activities. You will leave with enough ideas for a month long theme and more.</p>
