SUMMER CLASSES 2009

**Podcasting:
A Great Learning Tool in
Your Classroom**
3-8
WS6119A

Thursday, June 11 (9:00–11:30)
Dr. Linda Wilson

\$18.00

21st century teachers are invited to learn how to create class podcasts to share with your students' family members, other classes at your school, or with classes around the world. If you have Internet access at your school site, you can create a variety of podcasts with your students. Participants will receive set up instructions as well as URL's of some excellent elementary podcasts.

**Put Me in the Fingerplay!
PreK-K**
WS6129A

Friday, June 12 (9:00–11:30)
Kerby Bunch

Make and Take

\$21.00

Children love fingerplays, and you will, too, when you spend the morning with this experienced preschool teacher. Kerby will share some great ideas to involve your children in a variety of fingerplays. You will make a butterfly, a penguin, a birthday cake and much more. Come on, and let your fingers do the making!

**All Aboard the Zoo Train
PreK-2**
WS6129P

Friday, June 12 (1:30–4:00)
Paula Fox

Make and Take

\$21.00

Climb aboard the zoo train and discover the wild and wonderful world of animals! Ride the train through all learning areas—math, language, art, dramatic play, and science. Make salt dough animals, snow habitats, books, and much, much more. We're not "lion," you'll love this trip to the zoo!

**Centers in a Snap
1-3**
WS6159A

Monday, June 15 (9:00–11:30)
Shawnda Wirth & Tracey Braunschweig

Make and Take

\$24.00

This workshop will focus on literacy centers in a 1st–3rd grade classroom. These ideas can be used year after year. Organization, high interest centers and management will also be explored during the workshop.

**Best Ideas for Early Math
Skills
PreK-K**
WS6159P

Monday, June 15 (1:30–4:00)
Roblyn Smith

\$18.00

Early developing math skills in preschool and K involve language concepts that are "hands-on" and progress in a sequential order. This workshop is designed to show you a developmental progression and provide a wealth of ideas for teaching size, shape, patterns, numerals, one-to-one correspondence and early addition and subtraction.

**Reading Ideas
2-12**
WS6169
WS6169BOOK

Tuesday, June 16 (9:00–3:00)
Mary Legan

\$28.00 or \$48.00 with Book

This workshop presents a manipulative approach to teaching fact-finding, main idea, sequencing, context clues, inference, and cause and effect. Students experiencing this instructional approach have shown significantly higher scores on achievement tests than those taught with a more traditional approach. A curriculum guide is available for \$20.00.

**Reading Ideas
Follow Up
2-12**
WS6179
WS6179BOOK

Wednesday, June 17 (9:00–3:00)
Mary Legan

Make and Take

\$33.00 or \$53.00 with Book

This class is designed for teachers who have taken the "Reading Ideas" training. It offers a review of the curriculum as well as presenting new materials to enhance the existing curriculum. Participants will make "Reading Ideas" lesson plans, design weekly comprehension assessments, create useful reading materials, and learn ways to integrate a literacy board into reading lessons.

**Ready, Set, READ!
K-1**
WS6189A

Thursday, June 18 (9:00–11:30)
Shonna Crawford

\$18.00

What comes before guided reading? Engage your students in meaningful reading readiness activities in Kindergarten and 1st grade. Experience focused and FUN activities to boost phonological awareness, phonemic awareness, vocabulary, alphabetic principle, and background knowledge to comprehend text. This information is centered in research-based theories of early childhood and is ready to take back to your classroom.

**Empowering Student
Writers with Author Study**
3-6
WS6189P

Thursday, June 18 (1:30–4:00)
Shonna Crawford

\$18.00

What is an author study? A POWERFUL tool to empower your students to become inspired writers in your writing workshop. Teach every student to gather writing ideas from great books by "reading like a writer." Examine an extended series of lessons focused around specific topics. Enable your students to work through the writing process to publish well-crafted pieces. If you are looking for that boost in your writing instruction, you will find it in this session. Shonna's enthusiasm for books, authors, and writing will inspire you to empower your writers!

We're Going on a Bug Hunt
PreK-K
WS6199

Friday, June 19 (9:00—3:00)
Kerby Bunch

Make and Take

\$33.00

Pack your bug spray and get your magnifying glass ready to see some bugs! We're going on a bug hunt, and we want you to come along! We'll spend the day exploring the world of bugs and making books, games, props, and much more to use in your bug friendly classroom. You will leave with plenty of stuff to keep your students hopping, crawling, flying, and asking for more!

Teaching Language Arts
Through Trade Books
K-8
WS6209A

Saturday, June 20 (9:00—11:30)
Dr. Joan Brogan Wipf

\$18.00

Learn how to use trade books in your classroom to enhance your language arts lessons. You will be able to use fewer worksheets while helping your students remember what they've learned and relate it to vocabulary, parts of speech and other areas. Joan will have many books to show, and will demonstrate actual language arts lessons with trade books.

Teaching & the Brain
PreK-5
WS6229

Monday, June 22 (9:00—3:00)
Charrel Lenaburg, NBCT

\$28.00

Join Charrel as she shares the newest information on brain research and how it can be applied to the learning going on in your classroom. You will learn new techniques for improving student recall and attention. You will also try out lots of activities to be done with your students that will enhance higher level thinking, increase productivity, overcome learning difficulties, and create a very positive learning environment.

Teaching the
Kinesthetic Learner
K-5
WS6239A

Tuesday, June 23 (9:00—11:30)

Frank Blair

\$18.00

Eighty-five percent of school age children are natural kinesthetic learners, but most lessons are taught auditorily or visually. This workshop will provide activities for teachers to use in their classrooms to reach those children who are constantly in motion and learn best while moving. Join Frank to get your students up and their brains turned on and ready to learn.

Breathe New Life into your
Parent Conferences: Make
them Student Led!
PreK-6
WS6239P

Tuesday, June 23 (1:30—4:00)

Dana McBurney, NBCT & Jennifer Potts, NBCT

\$22.00

Do you want to have the best turn-out ever for your parent conferences? Do you want to make parent conferences easy? These student-led conferences are parent and student interactive and represent the PASS Objectives across the curriculum. Dana and Jennifer will show you how to make your conferences so positive and exciting that all your parents will come!

Will Rogers
1-12
WS6249

Wednesday, June 24 (9:00—3:00)

Cathy Ambrose

Make and Take

\$33.00

Want to discover why Will Rogers is Oklahoma's number one son? Spend the morning learning about him with Cathy, draw Will, and then you're off to the Will Rogers Memorial in Claremore to learn how to tie his life into your Oklahoma studies, language, and art. Bring \$4 for memorial admission and a sack lunch. Please be aware that you will be traveling off-site to the memorial. The Apple Tree, Inc. accepts no liability for any activities away from its facility at 7204 E 41st Street, Tulsa, OK.

My Best Ideas for Special
Education
K-2
WS6249P

Wednesday, June 24 (1:30—4:00)

Sheila Estes

\$18.00

Sheila has many fresh ideas that can be used by both regular ed and special ed teachers to help children with special needs. Come to this workshop to add more ideas to your tool box. Sheila will share her best ideas for classroom management, modifying curriculum, and encouraging positive behavior!

Hey, That's Me! Using
Photos and Names in the
Early Childhood Classroom
3 Yrs-K
WS6259A

Thursday, June 25 (9:00—11:30)

Jill Davis, NBCT

Make and Take

\$21.00

What is the most important thing to young children? Themselves! Turn this self interest into a motivating learning tool. This workshop will be full of ideas for centers, group times, games, books, power points, routines, procedures, and building classroom community. We'll use children's photos and names to create meaningful connections across the curriculum. Say "cheese" and smile at all of the new ideas you can use throughout the school year!

SUMMER CLASSES 2009

Lights! Cameras! Action!
PreK-3
WS6259P

Thursday, June 25 (1:30–4:00)
Sally Fowler Haughey

Make and Take
 **\$21.00**

In this workshop you will learn how to include drama and theater in your classroom activities. You will see simple and dynamic ways to bring stories to life with basic props and techniques. See how to use photography and video cameras to document performances. We will make simple props to use to dramatize 2 fairy tales.

Getting the Gist
2-6
WS6269A

Friday, June 26 (9:00–11:30)
Renée Plant; M. Ed.

\$18.00

Getting the gist is a strategy to help children get the main idea of a story, and Renée will show you how to use this strategy to build content/concept maps. Using the maps, the students write reports. You will try your hand at getting the gist and making maps and then writing a report, so bring your thinking cap.

Wow 'Em with Writing
1-3
WS6269P

Friday, June 26 (1:30–4:00)
Shawnda Wirth & Tracey Braunschweig

Make and Take
 **\$24.00**

This workshop will include ideas on how to get your students to start writing with stories, journals and poetry. Learn new, fun approaches for spicing up their vocabulary and spelling skills.

Sensational Seasons:
Summer & Winter
PreK-1
WS6279

Saturday, June 27 (9:00 –3:00)
Sharon Cornutt & Debra Brown

Make and Take
 **\$39.00**

From hot to cold, let Debra and Sharon set the temperature for your classroom. They will cover Summer and Winter themes including: the beach, insects, watermelons, ocean, 4th of July, snow, snowmen, penguins, and much more. All curriculum areas will be covered: math, literacy, art, sensory table, dramatic play, science, and cooking.

So You Have a Word Wall.
Now What?
K-2
WS6299A

Monday, June 29 (9:00–11:30)
Renée Plant; M. Ed.

Make and Take
 **\$21.00**

Do you feel that you need to add to your word wall activities in your classroom? Renée will have lots and lots of samples of activities to help you make and incorporate word walls in your daily routine. You will leave with a plethora of ideas and examples of how to make the word wall an interactive part of your day!

Quirky Questioning
2-6
WS6299P

Monday, June 29 (1:30–4:00)
Renée Plant; M. Ed.

Make and Take
 **\$21.00**

This is a comprehension workshop that focuses on questioning as a strategy. Generating questions supports active thinking during the reading process, which in turn improves comprehension. You will make a "questioning toolbox" that will include "tools" to implement questioning in your classroom, such as "I see I wonder," coding text, and "Roll up a question."

Organizing Your Classroom
for Effective Teaching I
PreK-2
WS6309A

Tuesday, June 30 (9:00–11:30)
Michelle Moles, NBCT

\$18.00

Wow! If you need help organizing your classroom, Michelle is here to help! She will share her organizational tips and techniques that have saved her sanity in her classroom. She is a compulsive pack rat, labeler, cleaner, etc., and she has developed a system that will make your classroom a joy! She will emphasize materials management, games organization, and much more of the physical part of organizing your space.

Organizing Your Classroom
for Effective Teaching II
PreK-2
WS6309P

Tuesday, June 30 (1:30–4:00)
Michelle Moles, NBCT

\$18.00

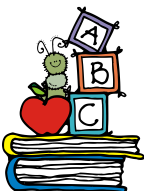

Michelle has added to her original classroom organization plan, and has even more information to share with you. This class will encompass student record keeping, parent contact information, discipline documentation, file cabinet arrangement and use, and monthly and daily paperwork juggling. After this class, you'll want to rush back to your classroom to organize, organize, organize!

Puppet Pizzazz!
3 Yrs-1
WS7019

Wednesday, July 1 (9:00–3:00)
Jill Davis, NBCT

Make and Take
 **\$33.00**

Pep up your classroom with puppets! Get ideas for choosing and using a variety of puppets for storytelling, building oral language, and enhancing group times. We'll make plenty of puppets to get you started and on the way to becoming a master puppeteer!

**ABC Come Read with Me
PreK-1
WS7029**

**Thursday, July 2 (9:00—3:00)
Debra Brown & Sharon Curnutt**

Make and Take
 **\$39.00**

Are you looking for classroom book ideas? Kids love seeing themselves in books. Join Debra and Sharon as they share ideas to make over 100 class books that will keep your children begging for more. The books will cover names, rhyming, theme-based, simple addition, and more.

**Super, Sensational, Superb
Social Studies
2-8
WS7069**

**Monday, July 6 (9:00—3:00)
Dr. Linda Wilson & Dr. Debbie Landry**

Make and Take
 **\$39.00**

Want to raise your students' enthusiasm level in Social Studies? Join Debbie and Linda for a day of exciting and educational Social Studies activities. You will leave with plenty of activities for geography, Oklahoma history, economics (including transportation) and "virtual" field trips. You'll learn ways to appeal to all styles of learning.

**Big Book Bonanza
PreK-1
WS7079**

**Tuesday, July 7 (9:00—3:00)
Jill Davis, NBCT**

Make and Take
 **\$33.00**

Join Jill for a big book bonanza with BRAND NEW big books for a BRAND NEW school year! You will create books for early and emergent readers including themes of fall, farm, pets, colors, shapes, and more! Bring a camera—there will be plenty of books for you to see and make!

**Literacy Workstations
K-1
WS7089A**

**Wednesday, July 8 (9:00—11:30)
Becky Shelley**

Make and Take
 **\$21.00**

Becky has plenty of ideas to share on designing literacy workstations for your kindergarten or first grade classroom. She will feature workstations that cover phonics, phonemic awareness, and vocabulary. Participants will leave with plenty of materials for workstations and ideas for managing those stations.

**Literacy Workstations
2-3
WS7089P**

**Wednesday, July 8 (1:30—4:00)
Becky Shelley**

Make and Take
 **\$21.00**

This workshop is for literacy workstations for second and third grade classrooms. You will make materials for phonics, vocabulary, fluency and comprehension. You'll leave with folder games, rotation charts, and ways to keep track of who has done what. You'll be all set for a great school year!

**Cooking Up Some Good
Reading
K-3
WS7099A**

**Thursday, July 9 (9:00—11:30)
Becky Shelley**

Make and Take
 **\$21.00**

Mix up some great ingredients for a primary reading program. This workshop will include phonics, writing, spelling, grammar, and some actual cooking! You will receive hands-on activities to promote a great program filled with "tasty" treats!

**Start the Year Off Right!
K-3
WS7099P**

**Thursday, July 9 (1:30—4:00)
Becky Shelley**

Make and Take
 **\$21.00**

Do you need some great ideas to start your year off right? This workshop will provide positive beginning of the year ideas and themes for a classroom. You will receive inspiration for bulletin boards, behavior modifications, parent-teacher conferences, and a host of terrific ideas to welcome your students as you begin another year!

**"Rub-a-Dub-Dub"
Tub Time
PreK-1
WS7109**

**Friday, July 10 (9:00—3:00)
Debra Brown & Sharon Curnutt**

Make and Take
 **\$39.00**

Are your tub time activities a wash? Sharon and Debra will clean them up! Join them as they share many ideas for literacy and math tub activities. They will show you how to use the same concepts for different thematic units. Come prepared to leave with lots of literacy and math activities that will have your class learning ABC's and 123's from August to May.

**"Going Green"
Sensational Sensory
Experiences
PreK-5
WS7119A**

**Saturday, July 11 (9:00—11:30)
Paula Fox**

Make and Take
 **\$21.00**

We can all make our world greener by recycling containers and other consumer goods. Join Paula and investigate numerous fun and educational ways to instill the joy of going green in your students. You'll be making goop, silly putty, sensory tubs, and sensory bottles, and you'll make your fellow teachers go green with envy when they see how much your children are learning with these recycling activities.

SUMMER CLASSES 2009

**Phonemic Awareness
Extravaganza
PreK-1
WS7139**

**Monday, July 13 (9:00–3:00)
Penny Goldesberry & Gerry Craun**

Make and Take
 **\$39.00**

Research now indicates that Phonemic Awareness is essential to the process of learning to read and some reading failures have actually been linked to the lack of PA instruction. Don't miss this opportunity to discover the "How To" of teaching PA including scope and sequence, lesson plans, activities, centers, games, and more. We'll also have fun creating PA materials throughout the day.

**Math Rocks—Get Excited
About Math
2-8
WS7149**

**Tuesday, July 14 (9:00–3:00)
Tara Hollingshed**

Make and Take
 **\$33.00**

Tara is excited about math, and you will be, too! She will share loads of fun activities to get your students energized. You'll create activities, labs, station for Mars bars fraction hunt, vocabulary scavenger hunt, I have-you have review game, perimeter and area of Little Debbie snack cake, metric Olympics, and much, much more! You'll leave with many activities directly tied to the PASS skills, so come and rock with Tara!

**My Best Ideas for
Early Childhood
PreK-1
WS7159A**

**Wednesday, July 15 (9:00–11:30)
Teresa Blair**

\$18.00

Teresa is celebrating her 20th anniversary of teaching kindergarten, but the gift is for you! Teresa will share her best timesaving ideas for organization, parent communication, centers, and formats for games you will use again and again. It's all easy and cheap!

**Single Serving Cooking
PreK-1
WS7159P**

**Wednesday, July 15 (1:30–4:00)
Kelly Pitezal**

\$18.00

Come and learn a new way to cook with the kids in your class. Each child gets to make his or her own serving and no longer has to wait for a turn to stir or pour. Everyone participates in every step of the cooking. It's a great activity that incorporates all curriculum areas. We will also address allergies and healthy options, and discuss health department requirements.

**Energizing Science
3-6
WS7169**

**Thursday, July 16 (9:00–3:00)
Tawna Mibb**

Make and Take
 **\$33.00**

You will become "electrified" with all the things you learn and do in this workshop. Tawna uses everyday materials to demonstrate science activities—from hot chocolate for teaching molecule movement to sugar and a candle for teaching the rock cycle. You'll spend the day learning how these projects can energize students to compete in a science fair, complete their own projects, meet PASS objectives, and develop an understanding of science and its importance.

**Creative Calendar Times
PreK-1
WS7179A**

**Friday, July 17 (9:00–11:30)
Gracye McCoy**

\$18.00

We all know the days of the week song, but that gets boring. Get some spice to add to your calendar time! Participants will get new ideas for addressing a multitude of math, literacy, science, and social studies standards within this daily routine.

**Getting Ready for
THE Third Grade Test
3rd
WS7179P**

**Friday, July 17 (1:30–4:00)
Penny Goldesberry & Gerry Craun**

Make and Take
 **\$24.00**

Are you ready to gear-up and get those kids ready to ace that big ole' state test? Well, let's have a great afternoon discovering all kinds of ways that we can prepare third graders for that special day in April. Learn ideas for test prep, stress relief, motivation, and more! Also, we'll have fun constructing posters, signs, and charts.

**Songs & Activities for the
Musically Hopeless
PreK-1
WS7189A**

**Saturday, July 18 (9:00–11:30)
Stephen Fite**

\$18.00

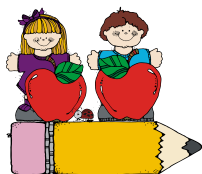

Feeling a little lost when it comes to using music as part of your curriculum? Are you uneasy about actually singing along with the kids? Join Stephen as he shares fun and exciting ideas that will make your time with music and movement in the classroom meaningful for your children, as well as for you.

**Taking Your Themes
Deeper
PreK-3
WS7209**

**Monday, July 20 (9:00–3:00)
Sara Smith & Gracye McCoy**

\$34.00

Is your classroom feeling compartmentalized? Do you want to know how to tie it all together? Weaving a central idea or concept across your curriculum helps students connect the dots all year long. Get rationale for using integrated thematic instruction. See Gracye & Sara's real examples of how to take concepts to the next level in your classroom. Bring your district's standards and they'll help you plan for your upcoming school year.

Can You Hear Me Now?
Home 2 School Connection
PreK-1
WS7219

Tuesday, July 21 (9:00—3:00)
Debra Brown & Sharon Curnutt

Make and Take
 **\$39.00**

Are you searching for ways to involve parents in their child's learning experience? We will look at family nights, monthly activities, calendars, literacy bags, daily activity folders, and much more. You will leave the workshop with lots of ideas, over 50 literacy bag ideas with journal pages ready to go, management tips, and parent surveys. You will also make skill-based activities that will work with a variety of trade books.

Improving Behavior for All Children
K-3
WS7229A

Wednesday, July 22 (9:00—11:30)
Sheila Estes

\$18.00

Are you looking for ideas to improve the behaviors of the children you teach? Sheila will discuss The Five Love Languages philosophy, give lots of "real" ideas for logical consequences, and show you how to use positive reinforcement effectively. This workshop is for special education and regular education teachers. This is a great workshop for parents who are homeschooling, too!

Sign Language in the Regular Classroom
PreK-5
WS7229P

Wednesday, July 22 (1:30—4:00)
Diana Higgins

\$18.00

Learn the basics of sign language from the alphabet to classroom management signs. Information on communicating with a child with hearing loss in your classroom will be shared as well as general information on communication skills. You'll even learn some games to reinforce the learning of signs.

Literature Links From A to Z
PreK-1
WS7239

Thursday, July 23 (9:00—3:00)
Teressa Blair

Make and Take
 **\$33.00**

Teressa will present books and fun-filled activities for each letter of the alphabet. She will show you how to integrate all areas of your curriculum with children's literature. You will leave with a folder full of ideas and activities ready to use.

Integrated Research
4-6
WS7249A

Friday, July 24 (9:00—11:30)
Pam O'Halloran-Blevins

\$18.00

Join Pam and spend the morning learning about her step-by-step research process. She will show you how to set up research folders with library cards and pockets, how to organize note taking and writing, and how to produce oral and visual reports. This class is appropriate for teachers with first time researchers as well as more experienced students.

Recycling, Roots & Shoots, and You
4-6
WS7249P

Friday, July 24 (1:30—4:00)
Pam O'Halloran-Blevins

\$18.00

Recycling is as easy as 1,2,3: 1) you learn how you can teach it; 2) you teach it; 3) you do it! Learn how to inspire your students to recycle in and away from the classroom, and how to involve your school in the process. Take your concern for the earth one step farther and share with your students ROOTS & SHOOTS, a world-wide program of the Jane Goodall Institute. It is a global network of youth who are taking action to improve our world through service learning projects that promote care and concern for animals, the environment and the human community.

Cheap Science
K-3
WS7259A

Saturday, July 25 (9:00—11:30)
Julia Banks

Make and Take
 **\$21.00**

Help students learn science concepts with hands-on activities using recycled materials. Learn to make a mini-greenhouse to start seeds and an insect house. Learn plant propagation with cuttings and many more activities. You'll bring out the scientists in you and your students!

Spectacular Spring
PreK-1
WS7279

Monday, July 27 (9:00—3:00)
Debra Brown & Sharon Curnutt

Make and Take
 **\$39.00**

"Fling" yourself into Spring! Join Debra and Sharon as they cover different Spring themes, including rabbits, chicks, Easter, "wacky" weather, gardening, and much more. All of the curriculum areas will be covered—math, literacy, art, sensory table, science, and cooking.

"Why" & "How" Stories
2-4
WS7289A

Tuesday, July 28 (9:00—11:30)
Jennifer Hoey & Teresa Mayberry

Make and Take
 **\$24.00**

Have your students ever asked you questions like, "How did the leopard get its spots?" or "How did the rhino get its horn?" If so, then come and learn great resources, authors, writing and craft activities, and more to teach students the folktales answers behind these questions. You and your students will learn history and science along the way!

SUMMER CLASSES 2009

Multiplication Camp
2-5
WS7289P

Tuesday, July 28 (1:30—4:00)
Lisa Boyd

Make and Take
 **\$21.00**

What child doesn't love going to camp? Make learning multiplication facts fun by providing a "camp-like" experience. Camp includes art, crafts, games, and songs. Please bring a Styrofoam egg container, and magazines and newspapers to cut up.

Recycled Math
PreK-1
WS7299A

Wednesday, July 29 (9:00—11:30)
Kelly Pitezal

Make and Take
 **\$21.00**

Turn excess laminating film into math windows and marker lids or water bottle lids into manipulatives. These are just a few of the things Kelly, the recycling champ, will show you. Budgets are tight, so come and learn some new uses for old things to help reinforce math concepts.

Sizzling Scientists
PreK-3
WS7299P

Wednesday, July 29 (1:30—4:00)
Paula Fox

Make and Take
 **\$21.00**

Bring out the scientist in any child! Turn your classroom into a laboratory that will allow children to experiment and create potions using everyday ingredients. The activities will spark children's imaginations as well as develop their language, reading, critical thinking, mathematic and scientific skills as they dive into each activity.

What Does a Literacy Room Look & Sound Like?
3-6
WS7309A

Thursday, July 30 (9:00—11:30)
Judith Ticer

\$18.00

Judith has a world of experience in helping teachers develop their literacy programs. She will help you with effective center ideas for your students, as well as demonstrate the importance of small group instruction. You will learn about academic observation sheets and much more! Door prizes, too!

Building More Confident Readers
3-6
WS7309P

Thursday, July 30 (1:30—4:00)
Judith Ticer

\$18.00

Judith will present practical ideas to help build more confident readers at the intermediate level. A wide variety of ideas will include a literacy timeline for yearlong reading instruction, daily reports for research, a fun unit on propaganda, the Presidents, and a memorable week teaching responsibility. Door prizes, too!

Our Top 100 Best Hits
PreK-1
WS7319

Friday, July 31 (9:00—3:00)
Debra Brown & Sharon Curnutt

Make and Take
 **\$39.00**

Have you lost your groove? Come and swing with Debra and Sharon as they share their top 100 best hits, including carpet time activities, center games, transition tricks, and organizational tips. You'll leave ready for a rocking new year!
